

# BSDS 100: Intro to Data Science with R

## Assignment 7

by James D. Wilson (University of San Francisco)

**Directions:** For all questions in this assignment, write complete sentences and fully answer any question that is asked, and use R to answer each question. Provide all R code and solutions by *knitting* your final RStudio file into a single file named `[your_name].CA7.pdf`. This assignment is due next Tuesday at the beginning of class. Late assignments will automatically have 10 points deducted.

1. Complete exercises 1 - 2 of Section 14.4.2 in the *R for Data Science* book here: <http://r4ds.had.co.nz/strings.html>.
2. Complete exercises 1 - 2 of Section 14.4.3.1.
3. Complete exercises 1 - 2 of Section 14.4.4.1.
4. Complete exercises 1 - 3 of Section 14.4.5.1.
5. Complete exercises 1 - 3 of Section 14.4.6.1.
